

Ahmed Samir Fathy

Full-Stack Developer (.NET)

Daqahlia, Egypt | ahmed.samir.work4@gmail.com | (+20)1281420406 | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-oriented Full-Stack Developer with a strong foundation in Electronics and Communications Engineering. Specialized in building secure, scalable web applications using the .NET ecosystem (ASP.NET Core, MVC) and modern frontend tools like React. Proven track record in designing robust database architectures with SQL Server and MySQL. Proactive problem-solver committed to writing clean, maintainable code and staying ahead of industry trends.

TECHNICAL SKILLS

Development Stack: C#, Python (Basics), ASP.NET Core (Web API & MVC), React, JavaScript (ES6+), Entity Framework Core

Web Technologies: HTML5, CSS3, Bootstrap, RESTful APIs, JWT Authentication

Databases & Security: SQL Server, MySQL, Web Application Security (OWASP Top 10), SQL Injection & XSS Mitigation

Tools & DevOps: Git & GitHub, Docker, Postman, Vite, Vercel, Visual Studio

Core Concepts: OOP, SOLID Principles, Clean Architecture, Software Testing Fundamentals

PROJECTS

Blood Bank Management System — DEPI Graduation Project

C#, ASP.NET Core Web API, React, SQL Server, JWT, Clean Architecture

- Full-featured system for managing blood donations, requests, and inventory tracking.
- Implemented JWT Authentication and Role-Based Access Control (RBAC) to secure sensitive donor data.
- Designed a responsive React + Vite frontend integrated with a robust RESTful API.
- Applied Clean Architecture principles for scalability and maintainability.

INTERNSHIPS

Digital Egypt Pioneers Initiative (DEPI) — .NET Developer Trainee | Nov 2025 – Present

- Intensive training in Full-Stack Development using the .NET ecosystem.
- Developing scalable web apps using ASP.NET Core MVC and Web API.
- Collaborated with peers applying software design patterns and Clean Architecture.
- Developed professional soft skills including presentation and freelancing strategies (Upwork, Khamsat).

EDUCATION

B.Sc. Electronics and Communications Engineering | 2023 – 2028 (Expected)

Tanta Higher Institute of Engineering and Technology (THIET).

CERTIFICATIONS

- Digital Egypt Pioneers Initiative (DEPI) | .NET Full-Stack Development — In Progress.
- Cybersecurity Academy Training | National Telecommunication Institute (NTI), 2025 — Web Application Security, Vulnerability Assessment, Penetration Testing.
